

# Day 1 : Laying the Foundation

# HACKATHON: Day 1

⇒ My market place?

⇒ Niche Ecommerce :-

Purpose : To provide single platform for high quality customizable furniture, that caters to modern homes and offices integrating aesthetic design fulfilling customers desires.

## Problems to solve :-

Customers often faces issues like

- i- finding furniture that matches their style.
- ii- Space requirements
- iii- lack of options within specific budget.
- iv- Visualize their choice.

My website solves these by offering customizable design and affordable pricing.
